Vessel Name Changes

Dear Valued Customers

The China Navigation Company, the deep-sea shipping arm of the Swire group, was established in 1872. Many of the ships were named after ports on the China coast and the Yangtze River and it has been decided that the current fleet, including vessels operating in the Swire Shipping liner services, will assume their traditional names as follows:

Current Vessel Name	New Vessel Name	Date for name change	Change at port
Pacific Voyager	Chekiang	9-11 Nov 2011	Mapthaput
Pacific Mariner	Changsha	19-21 Nov 2011	Mapthaput
Pacific Explorer	Chengtu	12-14 Dec 2011	Mapthaput
Pacific Discoverer	Chenan	Jan-12	Guangzhou
Pacific Java	Hunan	3rd week April 2012	China port – TBA
Pacific Flores	Hupeh	Mid Feb 2012	Melbourne
Pacific Celebes	Hoihow	end Mar 2012	China port – TBA
Pacific Makassar	Hangchow	end Nov 2011	Shanghai
Tasman Mariner	Kwangsi	7-Nov-11	Shanghai

* Please note that exact dates are subject to change.

In recognition of our long term commitment to serving customers and ports throughout Papua New Guinea, the five Miho class vessels currently deployed on the Australia to Papua New Guinea and Solomon Islands service will retain their 'Chief' suffix.

Vessels currently in the Swire Shipping fleet which are chartered from third party owners will be unaffected by this change.

The changes to the vessel names will be reflected on schedules from week 45. For name changes occurring mid-voyage, these will be denoted with an asterisk (*) on the schedule. Where it has been planned for a vessel to be renamed mid-voyage, all documents issued to you will reflect the name of the vessel at the time of loading. This will not affect cargo clearance at the destination.

If you have any questions or concerns about how this will affect you, please contact a Swire Shipping representative or your local agent. Swire Shipping would like to take this opportunity to thank you for your continued support.
